Digital TV on your computer

Sports highlights such as the Olympics or the national soccer league, TV shows or US series - no arguing any more about the TV programme. Simply transform your computer into a TV. And watch whatever you like. When enjoying TV on your computer nothing is missing. Simply record your favourite programme and play it back whenever you want.

With the CINERGY S2 PCIe DUAL including remote control for the entire family, watching TV and listening to the radio via PC is a pleasure as well. Once inserted into the computer, the CINERGY S2 PCIe DUAL is hidden and offers all functionalities of a TV or radio.

The CINERGY S2 PCIe DUAL supports the current PCI Express standard and is additionally equipped with two DVB-S2 tuners. For its two tuners, you can record and switch channels at the same time - this allows recording of two different programmes at the same time.
